

**HARYANA STATE INDUSTRIAL DEVELOPMENT CORPORATION LTD.
PANCHKULA**

OFFICE ORDER

For considering the request for clubbing of plots/sheds, it is hereby ordered that the Building Plan Approval Committee at respective field office is authorized to consider the clubbing of regular shape plots/sheds to the extent, that the clubbing involves only amalgamation of inter-se side set-backs between buildable zone of plots for which zoning plan as per single plot stands approved from the competent authority. Further, rest of the setbacks (i.e. front & rear) of plot shall remain as such as approved in the zoning plan of the respective sector/industrial area. However, such clubbing shall not qualify the owner of the plots to take any benefit over the terms and conditions of allotment letter. Accordingly, after considering the all aspects, Estate Manager shall issue final approval for clubbing of plots.
